### 3-CODE

Multifunzionalità, velocità e tecnologia sono le parole che descrivono la 3-CODE, la nuova macchina elettronica ERREBI per la duplicazione di chiavi. **MULTIFUNZIONALITÀ**, perché questa macchina offre una soluzione professionale "tutto in uno" con cui potrete leggere e tagliare chiavi piatte, di sicurezza e automobilistiche senza dover cambiare postazione.

La sua **RAPIDITÀ** si dimostra tramite la potenza del suo motore che permette di sviluppare una forte velocità di taglio e quindi la lavorazione della chiave in un solo passaggio. Il tutto secondo le esigenze di precisione che voi e i vostri clienti richiedete.

La **TECNOLOGIA** della 3-CODE, sviluppata da ERREBI ha come massimo esponente l'app **ERREBIKEYPRO** che potrà essere gestita dal tablet incluso nella macchina. Questo software (molto facile da aggiornare attraverso il "Google Play Store") include anche il catalogo delle chiavi ERREBI e relative equivalenze, uno strumento di massima utilità per la duplicazione.

3-CODE è la macchina pensata per i professionisti che desiderano espandere la loro attività di duplicazione delle chiavi. Grazie alle sue dimensioni compatte, potrete utilizzarla in spazi ridotti e, grazie alla sua velocità, potrete duplicare un'elevata quantità di chiavi per servire sempre più clienti.

### 3-CODE

Multifunctionality, speed and technology are the words that describe 3-CODE, the new ERREBI electronic machine for copying keys. **MULTI-FUNCTIONALITY**, because this model offers an all-in-one professional solution that will enable you to read and cut flat, security and vehicle keys without needing to switch machines.

Its **SPEED** can be seen in the power of its motor, which allows for a fast cutting speed and keys to be cut in a single motion. All without sacrificing the precision that you and your customers demand.

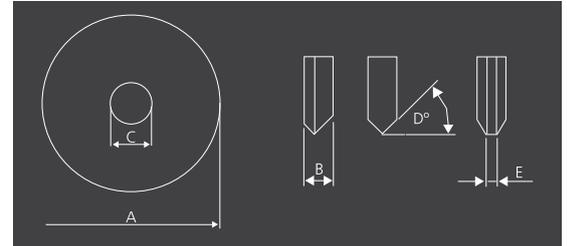

The finest example of the **TECHNOLOGY** in 3-CODE (developed by ERREBI) lies in the **ERREBIKEYPRO** app, which you can operate using the touchscreen tablet incorporated into the machine. This software (very easy to update via the "Google Play Store") includes the catalogue of ERREBI keys and their equivalents, a highly useful tool for key copying.

3-CODE is a model designed for those professionals who wish to expand their key cutting business. Thanks to its compact size, it can be used in small spaces and its speed enables a large number of keys to be produced in a short time, thus meeting the demands of your growing customer base.
